INDEPENDENT AUDITOR'S REPORT

The Honorable Mayor and Members
of the Township Council
Township of Manchester
Manchester, New Jersey 08759

We have audited the accompanying statutory basis financial statements of the various funds of the

**TOWNSHIP OF MANCHESTER
COUNTY OF OCEAN**

as of and for the fiscal year ended June 30, 2009, as listed in the foregoing table of contents, and for the fiscal year ended June 30, 2008. These statutory basis financial statements are the responsibility of the municipality's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

These statutory basis financial statements have been prepared in conformity with accounting practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey which are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. These practices differ in certain respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant of these practices are described in Note 1 to the financial statements.

In our opinion, because of the Municipality's policy to prepare its financial statements on the basis of accounting discussed in the third paragraph of this report, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Township of Manchester as of June 30, 2009 and 2008 or the results of its operations for the years then ended.

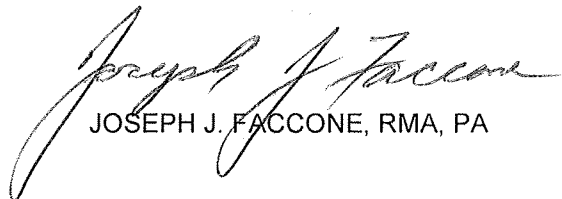

However, in our opinion, the statutory basis financial statements referred to above present fairly, in all material respects, the financial position of the Township of Manchester in the County of Ocean, as of June 30, 2009 and June 30, 2008, and the results of operations of such funds for the years then ended, in accordance with accounting principles and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and described in Note 1 to the financial statements.

In accordance with *Government Auditing Standards*, we have also issued a report dated January 28, 2010 on our consideration of the Township of Manchester's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts, grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

Our audit was conducted for the purpose of forming an opinion on the statutory basis financial statements of the Township of Manchester taken as a whole. The accompanying supplemental schedules presented in the "Supplementary" sections are not required parts of the financial statements and are presented for purposes of additional analysis as required by the New Jersey State Division of Local Government Services. Such information has been subjected to the auditing procedures applied in the audit of the statutory basis financial statements and, in our opinion, is fairly presented in all material respects in relation to the statutory basis financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

TOWNSHIP OF MANCHESTER

NOTES TO FINANCIAL STATEMENTS FISCAL YEAR ENDED JUNE 30, 2009

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Until 1990 the Township functioned under a form of government known as Committee Form of Government, which exercised both legislative and executive powers. The form of government was changed by a charter study referendum and, effective July 1, 1990, the Township adopted a Mayor-Council form of government.

The Mayor is elected for a four year term without limitation as to the number of terms which may be served. The Council consists of five members, each of whom is elected at-large and whose terms are staggered. All elections are held in May and are non-partisan.

The Mayor is Chief Executive and Administrative Officer of the Township, and, as such, is responsible for administering local laws. The specific powers of the Mayor include appointment of department heads (with the advice and consent of the Township Council), preparation of the Township's budget, and approval or veto (which may be overridden by a 2/3 vote) of ordinances adopted by the Council.

The Township Council is responsible for policy development and exercises all legislative powers, including final adoption of spending legislation such as budgets and bond ordinances for both municipal and zoning ordinances.

Governmental Accounting Standards Board (GASB) Statements No. 14 and 34 establish certain standards for defining and reporting on the financial reporting entity. In accordance with these standards, the reporting entity should include the primary government and those component units which are fiscally accountable to the primary government. The financial statements of the Township of Manchester include every board, body, officer and commission supported and maintained wholly or in part by funds appropriated by the Township as required by the provisions of N.J.S. 40A:5-5. Accordingly, the financial statements of the Township of Manchester do not include the operations of the three Volunteer Fire Companies and the two First Aid Squads, inasmuch as their activities are administered by separate boards.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the recognized standard setting body for establishing governmental accounting and financial reporting principles. The GASB establishes fund types to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles accepted in the United States of America (GAAP).

The accounting policies of the Township of Manchester conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Township of Manchester accounts for its financial transactions through the following separate funds which differ from the fund structure required by generally accepted accounting principles:

Current Fund - Encompasses resources and expenditures for basic governmental operations. Fiscal activity of Federal and State grant programs are reflected in a segregated section of the Current Fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

B. Description of Funds (Continued)

Trust Funds - The records of receipts, disbursements and custodianship of monies, in accordance with the purpose for which each account was created, are maintained in Trust Funds. These include the Animal Control Fund and General Trust Fund. The General Trust Fund encompasses accounts of activity for Community Development Block Grants, special deposits and other purposes.

General Capital Fund - The receipts and expenditure records for the acquisition of general infrastructure and other capital facilities, other than those acquired in the Current Fund, are maintained in this fund, as well as related long-term debt accounts.

Public Assistance Trust Fund - Revenue, expenditures, receipts and disbursements that provide assistance to certain residents of Manchester, when required, and pursuant to the provisions of Title 44 of the New Jersey statutes, are maintained in the Public Assistance Trust Fund.

Payroll Fund - Net salaries, certain payroll deductions and social security contributions of municipal and utility operations are deposited into various bank accounts of the Payroll Fund. A Payroll Fund does not exist under GAAP.

Water and Sewer Utility Operating and Capital Funds - These funds reflect revenue, expenditures, stewardship, acquisition of utility infrastructure and other capital facilities, as well as long-term debt, debt service and other related activity of the municipally-owned water and sewer utilities.

Capital Fixed Assets - These accounts reflect estimated valuations of land, buildings and certain movable fixed assets of the Township as discussed under the caption "Basis of Accounting".

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, differ in certain respects from generally accepted accounting principles. The accounting system is maintained on the modified accrual basis with certain exceptions. Significant accounting policies in New Jersey are summarized as follows:

Property Taxes and Other Revenue

Property taxes and other revenue are realized when collected in cash or approved by regulation for accrual from certain sources of the State of New Jersey and the Federal Government. Accruals of taxes and other revenue are otherwise deferred as to realization by the establishment of offsetting reserve accounts. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Grant Revenue

Federal and State grants, entitlements or shared revenue received for purposes normally financed through the Current Fund are recognized when anticipated in the Township of Manchester budget. GAAP requires such revenue to be recognized in the accounting period when they become susceptible to accrual.

Expenditures

Expenditures for general and utility operations are generally recorded on the accrual basis. Unexpended appropriation balances, except for amounts which may have been cancelled by the governing body or by statutory regulation, are automatically recorded as liabilities at June 30th of each year, under the title of "Appropriation Reserves".

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Expenditures (Continued)

Expenditures from Trust and Capital Funds are recorded upon occurrence and charged to accounts statutorily established for specific purposes.

Budget appropriations for interest on General Capital Long-Term Debt is raised on the cash basis and is not accrued on the records; interest on Utility Debt is raised on the accrual basis and so recorded.

GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, which should be recognized when due.

Grant appropriations are charged upon budget adoption to create spending reserves.

Budgeted transfers to the Capital Improvement Fund are recorded as expenditures to the extent permitted by law.

Encumbrances

Contractual orders outstanding at June 30, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Appropriation Reserves

Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

Compensated Absences

Expenditures relating to obligations for unused vested accumulated sick pay are not recorded until paid. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations be recorded as a long-term obligation.

Property Acquired for Taxes

Property acquired for taxes (foreclosed property) is recorded in the Current Fund at the assessed valuation during the year when such property was acquired by deed or foreclosure and is offset by a corresponding reserve account. GAAP requires such property to be recorded in the general fixed assets account group at market value on the date of acquisition.

Interfunds Receivable

Interfunds receivable in the Current Fund are generally recorded with offsetting reserves which are established by charges to operations. Collections are recognized as income in the year that the receivables are realized. Interfunds receivable of all other funds are recorded as accrued and are not offset with reserve accounts. Interfunds receivable of one fund are offset with interfunds payable of the opposite fund. GAAP does not require the establishment of an offsetting reserve.

Inventories of Supplies

Materials and supplies purchased by all funds are recorded as expenditures.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Basis of Accounting (Continued)

Inventories of Supplies (Continued)

An annual inventory of materials and supplies for the Water and Sewer Utility is required, by regulation, to be prepared by Township personnel for inclusion on the Water and Sewer Utility Operating Fund balance sheet. Annual changes in valuations, offset with a reserve account, are not considered as affecting results of operations. Materials and supplies of other funds are not inventoried nor included on their respective balance sheets.

Capital Fixed Assets

General:

In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Township of Manchester has developed a capital fixed asset accounting and reporting system.

Capital fixed assets used in governmental operations (general fixed assets) are accounted for in the Capital Fixed Assets Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

Acquisitions of land, buildings, machinery, equipment and other capital assets are recorded on a perpetual fixed asset record.

Vehicles, furniture, equipment and other items are reflected at replacement values at time of inventory preparation. Additions to the established fixed assets are valued at cost.

Depreciation of assets is not recorded as an operating expense of the Township.

Utilities:

Capital acquisitions, including utility infrastructure costs of the Water and Sewer Utilities, are recorded at cost upon purchase or project completion in the fixed capital account of the utilities. The fixed capital accounts are adjusted for dispositions or abandonments. The accounts include movable fixed assets of the Utility but are not specifically identified and are considered as duplicated in the Fixed Asset Group of Accounts. The duplication is considered as insignificant on its effect on the financial statements taken as a whole.

Utility improvements that may have been constructed by developers are not recorded as additions to fixed capital.

Fixed capital of the Utilities are offset by accumulations in Amortization Reserve Accounts. The accumulations represent costs of fixed assets purchased with budgeted funds or acquired by gift as well as grants, developer contributions or liquidations of related bonded debt and other liabilities incurred upon fixed asset acquisition.

The fixed capital accounts reflected herein are as recorded in the records of the municipality and do not necessarily reflect the true condition of such fixed capital. The records consist of a control account only. Detailed records are not maintained.

GAAP requires that fixed assets be capitalized at historical or estimated cost if actual historical cost is not available. In addition, depreciation on utility fixed assets should be recorded.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The Township of Manchester presents the financial statements listed in the table of contents which are required by the Division of Local Government Services and which differ from the financial statements required by GAAP. In addition, the Division requires the financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from GAAP.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS

A. Cash and Cash Equivalents

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey, which are insured by the Federal Deposit Insurance Corporation (FDIC) or any other agencies of the United States that insures deposits or the State of New Jersey Cash Management Fund.

The State of New Jersey Cash Management Fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature or are redeemed within one year. Twenty-five percent of the Fund may be invested in eligible securities which mature within two years provided, however, the average maturity of all investments in the Fund shall not exceed one year. Collateralization of fund investments is generally not required.

In addition, by regulation of the Division of Local Government Services, municipalities are allowed to deposit funds in the Municipal Bond Insurance Association (MBIA) through their investment management company, the Municipal Investors Service Corporation.

In accordance with the provisions of the Governmental Unit Deposit Protection Act of New Jersey, public depositories are required to maintain collateral for deposits of public funds that exceed insurance limits as follows:

- The market value of the collateral must equal five percent of the average daily balance of public funds, or

- If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, The Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

B. Investments

New Jersey statutes permit the Township to purchase the following types of securities:

- Bonds or other obligations of the United States of America or obligations guaranteed by the United States of America. This includes instruments such as Treasury bills, notes and bonds.

- Government money market mutual funds.

- Any federal agency or instrumentality obligation authorized by Congress that matures within 397 days from the date of purchase, and has a fixed rate of interest not dependent on any index or external factors.

2. CASH, CASH EQUIVALENTS AND INVESTMENTS (Continued)

B. Investments (Continued)

- . Bonds or other obligations of the local unit or school districts of which the local unit is a part.
- . Any other obligations with maturities not exceeding 397 days, as permitted by the Division of Investments.
- . Local government investment pools, such as New Jersey CLASS, and the New Jersey Arbitrage Rebate Management Program.
- . New Jersey State Cash Management Fund.
- . Repurchase agreements of fully collateralized securities, subject to special conditions.

As of June 30, 2009, the Township had funds invested and on deposit in checking, savings and money market accounts. The amount on deposit of the Township's cash and cash equivalents as of June 30, 2009 was \$25,254,608.70. These funds constitute "deposits with financial institutions" as defined by GASB Statement No. 40.

3. TAXES AND TAX TITLE LIENS RECEIVABLE

Property assessments are determined on true values and taxes are assessed based upon these values. The residential tax bill includes the levies for the Township, County and School purposes. Certified adopted budgets are submitted to the County Board of Taxation by each taxing district. The tax rate is determined by the board upon the filing of these budgets.

Municipalities operating under a state fiscal year budget are required, by statute, to mail tax bills semi-annually and are payable in four quarterly installments due the first of February, May, August and November. Tax bills for the February and May installment must be delivered by December 1 and the August and November installment must be delivered by June 14. The amounts to be billed for each period are determined through formulas developed by the Division of Local Government Services.

Tax installments not paid by the above due dates are subject to interest penalties determined by a resolution of the governing body. The rate of interest in accordance with the aforementioned resolution is 8% per annum on the first \$1,500 of delinquency and 18% on any delinquency in excess of \$1,500. The resolution also sets a grace period of ten days before interest is calculated. In addition, any delinquency in excess of \$10,000 at the end of the calendar year is subject to a 6% penalty on the unpaid balance.

Taxes unpaid on the 11th day of the eleventh month in the fiscal year when the taxes became in arrears are subject to the tax sale provisions of the New Jersey statutes. The municipality may institute in rem foreclosure proceedings after six months from the date of the sale if the lien has not been redeemed.

New Jersey Waste Water Treatment Financing Program

The Township, on November 10, 1994, entered into an agreement with the State of New Jersey to obtain financing under the New Jersey Waste Water Treatment Financing Program. The original loan was for \$3,381,462.00. This amount was to be awarded under a Fund Portion and a Trust Portion. The Trust Portion was to be paid back with a low interest rate and administration fee. On December 18, 1995, the loan was revised to \$2,163,981.00. The Fund Portion, which is interest free, is \$994,116.00, and the Trust Portion is \$1,169,865.00. The following is a schedule of repayment for the Fund and Trust Portion of the loan:

<u>Year</u>	<u>Trust Principal</u>	<u>Trust Interest (Credits)</u>	<u>Administration Fee</u>	<u>Totals</u>

9. DEFERRED COMPENSATION PLAN

The Township of Manchester offers its employees a Deferred Compensation Plan created in accordance with the provisions of N.J.S. 43:15B-1 et seq., and the Internal Revenue Code, Section 457. The plan, available to all municipal employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until terminations, retirement, death or unforeseeable emergency.

Statutory and regulatory requirements governing the establishment and operation of Deferred Compensation Plans have been modified in the New Jersey Administrative Code under the reference N.J.A.C. 5:37.

The "Small Business Job Protective Act of 1996" revised several provisions of Section 457 of the Internal Revenue Code. A provision of the act required that all existing plans be modified to provide that the funds be held for the exclusive benefit of the participating employees and their beneficiaries.

The Township of Manchester authorized such modifications to their plan by resolutions of the Township Council.

The Deferred Compensation Plan is administered by the Hartford Variable Annuity Life Insurance Company and VALIC.

10. DEFERRED CHARGES TO BE RAISED IN SUCCEEDING YEAR'S BUDGETS

Certain expenditures are required to be deferred to budget of succeeding years. At June 30 2009, the following deferred charges are shown on the balance sheet of the Current Fund:

11. PENSION PLANS

Description of Systems

Substantially all of the Township's employees participate in one of the following contributory defined benefit public employee retirement systems which have been established by State statute: the Public Employees' Retirement System (PERS) or the Police and Firemen's Retirement System (PFRS). These systems are sponsored and administered by the New Jersey Division of Pensions and Benefits. The Public Employees' Retirement System and the Police and Firemen's Retirement System is considered a cost sharing multiple-employer plan.

Public Employees' Retirement System:

The Public Employees' Retirement System (PERS) was established in January, 1955 under the provisions of N.J.S.A. 43:15A to provide coverage including post-retirement health care to substantially all full time employees of the State or any county, municipality, school district or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees and vesting occurs after 8 to 10 years of service and 25 years for health care coverage. Members are eligible for retirement at age 60 with an annual benefit generally determined to be 1/55th of the average annual compensation for the highest three fiscal years' compensation for each year of membership during years of creditable service. Early retirement is available to those under age 60 with 25 or more years of credited service. Anyone who retires early and is under age 55 receives retirement benefits as calculated in the above mentioned formula but at a reduced rate (one quarter of one percent for each month the member lacks of attaining age 55).

11. PENSION PLANS (Continued)

Description of Systems (Continued)

Police and Firemen’s Retirement System:

The Police and Firemen’s Retirement System (PFRS) was established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after June 30, 1944. Membership is mandatory for such employees. Members may opt for Service Retirement if over age 55 or Special Retirement at any age if they have a minimum of 25 years of service or 20 years of service if enrolled in the PFRS as of January 18, 2000. Retirement benefits vary depending on age and years of service.

Contributions Required and Made

Contributions made by employees for PERS and PFRS are currently 5.5% and 8.5% of their base wages, respectively. Employer contributions are actuarially determined on an annual basis by the Division of Pensions. Contributions to the plan for the past three (3) years are as follows:

<u>Year</u>	<u>PERS</u>		<u>PFRS</u>	
	<u>Township</u>	<u>Employees</u>	<u>Township</u>	<u>Employees</u>
FY 2007	\$ 160,257.00	\$ 333,699.27	\$ 761,683.20	\$ 624,459.40
FY 2008	331,292.80	365,812.43	1,212,243.00	675,151.80
FY 2009	414,841.00	408,763.50	1,317,842.00	744,028.95

Credits applied under the provisions of the Pension Security Act are detailed as follows:

	<u>Year 2007</u>	<u>Year 2008</u>	<u>Year 2009</u>
Public Employees' Retirement System	\$106,838.00	\$ 82,823.20	\$ -

12. DEFINED CONTRIBUTION RETIREMENT PROGRAM

Description of System

The Defined Contribution Retirement Program (DCRP) was established on July 1, 2007 for certain public employees under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2007. The program provides eligible members, with a minimum base salary of \$1,500.00 or more, with a tax-sheltered, defined contribution retirement benefit, in addition to life insurance and disability coverage. The DCRP is jointly administered by the Division of Pensions and Benefits and Prudential Financial.

If the eligible elected or appointed official will earn less than \$5,000.00 annually, the official may choose to waive participation in the DCRP for that office or position. This waiver is irrevocable.

This retirement program is a new pension system where the value of the pension is based on the amount of the contribution made by the employee and employer and through investment earnings. It is similar to a Deferred Compensation Program where the employee has a portion of tax deferred salary placed into an account that the employee manages through investment options provided by the employer.

The law requires that three classes of employees enroll in the DCRP, detailed as follows:

- All elected officials taking office on or after July 1, 2007, except that a person who is reelected to an elected office held prior to that date without a break in service may remain in the Public Employees’ Retirement System (PERS).

12. DEFINED CONTRIBUTION RETIREMENT PROGRAM (Continued)

Description of System (Continued)

- A Governor appointee with the advice and consent of the Legislature or who serves at the pleasure of the Governor only during that Governor's term of office.
- Other employees commencing service after July 1, 2007, pursuant to an appointment by an elected official or elected governing body which include the statutory untenured chief administrative officer such as the Business Administrator, County Administrator or Municipal or County Manager, Department Heads, Legal Counsel, Municipal or County Engineer, Municipal Prosecutor and the Municipal Court Judge.

Notwithstanding the foregoing requirements, other employees who hold a professional license or certificate or meet other exceptions are permitted to remain to join or remain in PERS.

Contributions Required and Made

Contributions made by employees for DCRP are currently at 5.5% of their base wages. Member contributions are matched by a 3.0% employer contribution.

During the State Fiscal Year 2009 there were no officials or employees enrolled in the DCRP.

13. CONTINGENT LIABILITIES

a. Compensated Absences

The Township of Manchester has an accrued sick policy plan whereby eligible employees can accumulate up to 183 sick days and upon retirement will be compensated at their current rate of pay.

At the present time, unused vacation time cannot be accrued.

It is estimated that the sum of \$4,819,930.00 would be payable to 179 employees of the Township of Manchester as of June 30, 2009. The contingency for liability is not included in the financial statements of the Township. This amount was not verified by audit. It is noted that the Township has the amount of \$77,863.50 reserved as of June 30, 2009.

b. Tax Appeals

As of June 30, 2009, there were no tax appeals pending before the New Jersey Tax Court.

Judgments favorable to the taxpayers generally extend to two years following the year judged and would also subject the Township to a liability for statutory interest in the amount of taxes refunded from the date of payment to the date of refund (R.S. 54:3-27.2).

c. Federal and State Awards

The Township participates in several federal and state grant programs which are governed by various rules and regulations of the grantor agencies; therefore to the extent that the Township has not complied with the rules and regulations governing the grants, refunds of any money received may be required and the collectability of any related receivable at June 30, 2009 may be impaired. In the opinion of management, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provisions have been recorded in the accompanying statutory basis financial statements for such contingencies.

13. CONTINGENT LIABILITIES (Continued)

d. Litigation

Negligence and other types of claims would be defended by counsel of insurance carriers in amounts believed to be within the scope of policy coverage.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF STATUTORY BASIS FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Mayor and Members
of the Township Council
Township of Manchester
Manchester, New Jersey 08759

We have audited the statutory basis financial statements of the various funds of the Township of Manchester, County of Ocean, as of and for the years ended June 30, 2009 and June 30, 2008, and have issued our report thereon dated January 28, 2010, which was qualified as a result of the Municipality's policy to prepare its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Municipality's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Municipality's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Municipality's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that result in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this report and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Municipality's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*. We noted certain matters, however, that we have reported and described in Part II of the accompanying "Report on Examination of Accounts".

This report is intended solely for the information and use of the Municipality's governing body and management, State and Federal awarding agencies and the Division of Local Government Services, Department of Community Affairs, State of New Jersey. It is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.

The Honorable Mayor and Members
of the Township Council
Township of Manchester
Manchester, New Jersey 08759

Gentlemen:

We have audited the statutory basis financial statements, Federal and State Financial Assistance Programs and supplemental schedules and statistical data of the

TOWNSHIP OF MANCHESTER
COUNTY OF OCEAN

for the state fiscal year ended June 30, 2009 and June 30, 2008 and have issued our report thereon. As part of our audit, we reviewed and tested the Municipality's system of internal accounting control to the extent we considered necessary to evaluate the system as required by auditing standards generally accepted in the United States of America; by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; by the *Government Auditing Standards* issued by the U.S. General Accounting Office; and by the provisions of the "Single Audit Act of 1984". Compliance requirements were also reviewed in accordance with the requirements of the aforementioned standards and guidelines or, where applicable, the terms and conditions of particular grant agreements and as approved by the Cognizant Audit Agency.

Our comments with respect to the audit, internal control, and any error, omission, irregularity, violation of law, discrepancy or other nonconformity to the law or regulation found during the audit are herewith set forth.

Contracts and Agreements Required to be Advertised for (N.J.S. 40A:11-4)

N.J.S. 40A:11-4, as amended, states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the Governing Body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to N.J.S. 40A:11-3c, except by contract or agreement."

It is pointed out that the Township Council has the responsibility of determining whether the expenditures in any category will exceed the threshold set for the fiscal year and, where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Township Attorney should be sought before a commitment is made.

Notwithstanding N.J.S.A. 40:11-3a, P.L. 2005, Chapter 51 and N.J.S.A. 19:44A-20.5, known as the "Pay to Play Law" provides that a municipality is prohibited from executing any contract in excess of \$17,500.00, on or after January 1, 2006, to a business entity that made certain reportable contributions to any municipal committee of a political party if a member of that party is in office as a member of the governing body of the municipality when the contract is awarded unless proposals or qualifications are solicited through a fair and open process.

It is further noted that contracts between \$17,500.00 and the municipal bidding threshold known as "window contracts" can be issued by resolution of the governing body without competitive bidding if a non-fair and open process is implemented which prohibits reportable contributions by the business entity.

The minutes indicate that bids were requested by public advertising for the following items:

- Snow Removal
- Street Lighting
- Curb and Sidewalk Replacement
- Police Uniforms
- Installation of HVAC System
- Recycling Services

The statutory bidding threshold for the year 2009 was the sum of \$29,000.00, effective July 1, 2005 in accordance with the provisions of N.J.S.A. 40A:11-3a, based on the appointment of a qualified purchasing agent.

Our examination of expenditures did not reveal any individual payments in excess of the statutory thresholds "for the performance of any work, or the furnishing or hiring of any materials", other than those where bids had been previously sought by public advertisement under the provisions of N.J.S. 40A:11-3.

Inasmuch as the system of records did not provide for an accumulation of payments or categories of material and supplies or related work or labor, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

Purchases, Contracts or Agreements Not Required to be Advertised by N.J.S. 40A:11-6.1

N.J.S. 40A:11-6.1 states, "Except contracts which require the performance of professional services, all contracts or agreements which do not require public advertising for bids and the estimated cost or price exceeds \$4,350.00, at least two quotations as to the cost or price are required. Quotations whenever practicable shall be solicited by the contracting agent, and the contract or agreement shall be made with and awarded to the lowest responsible bidder."

Our examination indicated that quotes are obtained on a consistent basis with the provisions of N.J.S. 40A:11-6.1.

Collection of Interest on Delinquent Taxes and Utility Charges

The statutes (N.J.S. 54:4-67, as amended) provide the method authorizing interest and the maximum rate to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body, on July 1, 2003, adopted the following resolution authorizing interest to be charged on delinquent taxes and utility charges:

“RESOLVED, that the interest rate on delinquent taxes be fixed at 8% per annum on the first \$1,500.00 of the delinquency and 18% per annum on any amount in excess of \$1,500.00 becoming delinquent after due date and if a delinquency is in excess of \$10,000.00 and remains in arrears beyond June 30, an additional penalty of 6% shall be charged against the delinquency.”

The resolutions also provide a 10 day grace period for taxes and a 20 day grace period for water and/or sewer payments.

Tests of the Collector’s record indicate that interest was collected in accordance with the terms of the foregoing resolution.

Delinquent Taxes and Tax Title Liens

Tax and lien records are maintained on a computer system.

Delinquent taxes at June 30, 2009, in the sum of \$690,404.19, represent taxes levied in the fiscal year 2009 and prior. A tax sale was held on April 7, 2009 and was complete.

The following comparison is made of the number of Tax Title Liens Receivable on June 30th of the last three years:

<u>Year</u>	<u>Number of Liens</u>
2009	19
2008	19
2007	19

Recourse of all means provided by the Statutes should be taken to realize or settle Tax Title Liens through collections or foreclosures in order to return such properties to a tax paying basis.

Verification of Delinquent Taxes and Other Charges

A test verification of delinquent charges and current payments was made and consisted of 200 verification notices summarized as follows:

<u>Type</u>	<u>Number of Items</u>
Payment of 2009 and 2008 Taxes	50
Delinquent Taxes	50
Payment of 2009 and 2008 Water and Sewer	50
Delinquent Water and Sewer	50
	<u>200</u>

There were no reportable items developed in our verification tests made in connection with our examination of accounts for State Fiscal Year 2009.

General Improvement Authorization

The following improvement authorizations are over five years old and have cash deficits, as reflected on Exhibit "C-3":

	<u>Ordinance Number</u>	<u>Cash Deficit</u>
General Capital Fund	00-001	\$ (14,500.00)
	02-025	(15,702.63)
	02-027	(303,131.71)

There is a receivable due from the State of New Jersey in the amount of \$20,828.75 remaining on the Balance Sheet for projects that have been completed.

It is recommended:

That funding be made available for all ordinances over five years old that have cash deficits.

That the receivable balance be reviewed by Township personnel and that the appropriate action be taken based on those findings.

Revenue Department

Recreation Department:

The following relates to the sale of beach badges:

Beach badges were being sold out of numerical order.

There was a minor difference between the amount of beach badges sold per the Recreation Department and the amount that was recorded by the Township Treasurer.

It is recommended that greater care be utilized for the sale and accounting of beach badges.

Municipal Court

For the audit, the October 2009 Monthly Management Report was examined and the following items were noted:

- A. Tickets Assigned but Not Issued Report indicated that 43 tickets were over 181 days old. These tickets should be recalled.
- B. Tickets Issued but Not Assigned Report indicated that 63 tickets were on this report. There should be no tickets

It is recommended that the Monthly Management Report be reviewed by Court personnel and that the appropriate action be taken based on those findings.

Corrective Action Plan

In accordance with the requirements of the Single Audit Act and regulations of the Division of Local Government Services, a Corrective Action Plan must be prepared by the Chief Financial Officer and filed with the Division within sixty days from the date the audit is received by the Governing Body.

Such a plan was prepared with regard to the State Fiscal Year 2008 Report of Audit.

Status of Prior Year's Audit Recommendations

A review was performed on all prior year's recommendations and a corrective action plan was filed.

Miscellaneous

A statutory report summarizing collections of Dog License Fees and remittances of State Registration Fees was prepared by our staff and filed with the New Jersey Department of Health and the Division of Local Government Services.

Revenue and receipts were established and verified as to source and amount only insofar as the local records permitted.

Individual payments of the Local School District Tax by the municipality were confirmed as received by the Secretary of the Board of Education for the fiscal year 2009.

A summary or synopsis of this report was prepared for publication and filed with the Township Clerk.

One copy of this report was filed with the New Jersey Division of Local Government Services.

RECOMMENDATIONS

General Improvement Authorization

That funding be made available for all ordinances over five years old that have cash deficits.

That the receivable balance be reviewed by Township personnel and that the appropriate action be taken based on those findings.

Revenue Department

Recreation Department:

That greater care be utilized for the sale and accounting of beach badges.

Municipal Court

That the Monthly Management Report be reviewed by Court personnel and that the appropriate action be taken based on those findings.

* * *

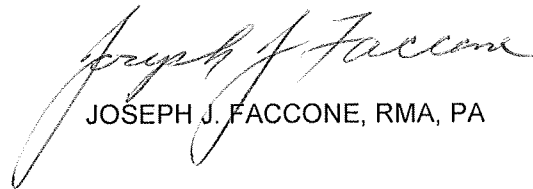

The foregoing comments and resultant recommendations are not of sufficient materiality whereby they would affect our ability to express an opinion on the financial statements taken as a whole.

We shall be pleased to confer on any questions that might arise with respect to any matters in this report.

We desire to express our appreciation for the assistance and courtesies rendered by the Township officials and employees during the course of the examination.
