Dear Mr. Hammer,

NJ State Highway 70 through Manchester Township is in dire need of repair. In addition to the sporadic filling of potholes, repaving of at least portions of the roadway are needed.

Route 70, from County Route 571 to the Lakehurst Circle, are in need of immediate repair and repaving.

Inquiries have been met with less than satisfactory results, and I request you find the resources to refurbish (at least portions of) Route 70 in Manchester Township as soon as possible.

Very truly yours,

---
